Find Your Finish

Dulux paint is available in a range of sheen levels to suit any surface in any environment.

Mat finishes hide surface imperfections without compromising washability and durability.

Low Sheen creates a hard-wearing acrylic finish that allows you to wipe away most common marks with a wet cloth.

Semi Gloss works well on walls or as an alternative to enamels on doors and skirting boards.

A Gloss finish is highly reflective and ideal for areas that need to be extra durable and clean.

Dulux Wash&Wear® ensures your walls stay looking freshly painted for longer.
